New Fig. 3, which is being submitted, also completes the response to the January 21, 2004 Official Action by substituting the reference character 47 to identify the mask pattern in place of the reference character 49, thereby conforming the drawing to the specification. Thus, it is respectfully requested that this objection to the drawings be withdrawn.

In view of the above and the previous submissions, it is respectfully requested that all the claims be allowed and the case passed to issue.

A favorable action is solicited.

Respectfully submitted.
